

EFFICIENT ELECTRIC HEAT PUMPS

Keep Your Home Comfortable All Year

Warm in the winter

Cool in the summer

**Hyde Park Town Supervisor Al Torregiani
installed heat pumps in his home**

I want quiet, **NO** whooshes when the system turns on.

I can't even hear the system running.

Individual room temperature control.

NO oil deliveries. **NO** spring air conditioners installations.

Almost **NO** maintenance.

And there are many tax incentives and rebates.
